Pengenalan Pengulangan

Pengulangan bersarang

Pengenalan Perulangan

Contoh 1:

Jika lapar, saya akan makan terus sampai kenyang!

Contoh 2:

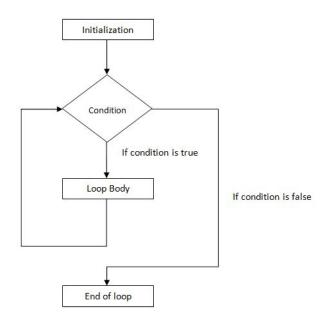

Saya makan snack 3 kali supaya kenyang.

Visualisasi Perulangan

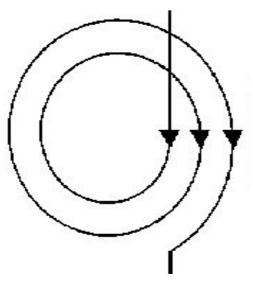

Pengulangan dengan for

```
for(var i = 0; i < 3; i++) {
    console.log(i);
}</pre>
```

Perulangan dengan while

```
var i = 0;
while(i < 3){
  console.log("Hello Worlds");
  i++;
}</pre>
```

Yuk Latihan...

Buatlah koding untuk: cetak angka 1 sampai 10.

Menggunakan:

- for, dan;
- while.

Jawaban

```
//for
for(var i = 1; i <= 10; i++) {
   console.log(i)
}

//while
var i = 1;
while(i <= 10) {
   console.log(i);
   i++;
}</pre>
```

Perbedaan:

for

Digunakan jika sudah diketahui akan berapa kali pengulangan while

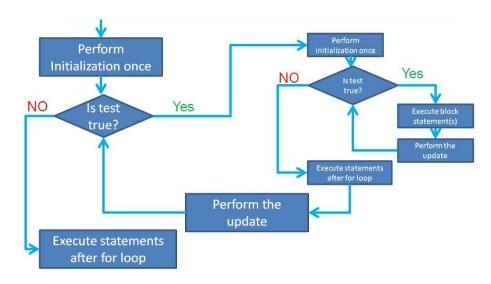

Digunakan jika belum tahu berapa kali akan pengulangan

Perulangan Bersarang

Latihan

Buatlah tampilan seperti ini:

(jangan manual ya 😌, gunakan for)
